

THE CENTRE FOR STUDENTS WITH DISABILITIES

START SMART 4-day Transition Conference for Students with Learning Disabilities August 24-27, 2010

START: Successful Transitions: Advocacy, Resources and Training

The transition to college is a challenging one – especially for students with learning disabilities. For many of you, this will be the first time you will need to advocate for yourself, organize yourself, and do the work yourself. But you're not alone! The CSD and Centennial College have many resources to help you ...beginning with this conference.

These four days will provide you with information to help you succeed. The focus is "Understanding and Accommodating your LD", and will explore four major areas:

- Self-Awareness and Self-Advocacy
- Developing Learning Strategies
- Assistive Technology Training
- Orientation to College Life

You will also meet other new students, more experienced students and CSD staff, and participate in some fun off-campus activities!
