Summer Workshops

Make your transition to college with confidence.

OnLine to Successful Learning

Starting at Loyalist College in Fall 2010?
Have a Disability?

We are hosting an eight-week summer course that will ease your transition into post-secondary education and greatly contribute to your success. It can be completed using internet resources. All you need is regular access to a computer with an internet connection and basic computer skills.

The course, which can be completed at your own pace, is estimated to take approximately 48 hours. Participants will be invited to attend two on-site sessions at Loyalist College – on June 28 and again at the end of the course on August 23. Lunch is provided.

The cost is just \$113.76. A bursary is available for students with a learning disability.
